GiGwi Push To Mute Regular Ball - Transparent Blue/Purple  
Size: 8.0x8.0x8.0 cm/ 3.1x3.1x3.1 inches  
(strap length not included)

**MUTE / SQUEAK**

The **Push to Mute** series allows you to choose your dog's mode of play: **SQUEAK MODE** or **QUIET MODE**.

Simply push the plug button into the toy to mute it. To enable squeaking noises, just pull the strap to release the button.

Plug button

The diagram illustrates the 'Push to Mute' mechanism. It shows a hand pushing a grey oval 'plug button' into the toy. A speech bubble with a crossed-out speaker icon indicates that the toy is muted. Conversely, pulling the strap away from the toy releases the button, and a speech bubble with a speaker icon indicates that the toy is in 'SQUEAK MODE'. A circular inset shows a close-up of the 'Plug button' being inserted into the toy's side.
